Summer is Coming

Welcome to June! As we wind down from a busy school year, and prepare to head into summer vacation, we plan to fill the students days with sunshine and fun. That being said please remember to pack any sun protection you wish your child to have, and ensure your child has a water bottle while at program!

We are in the process of brainstorming ideas for our graduation and wind up and will ensure to keep all families posted as we balance Covid restraints with the celebrations we want to have. We look forward to celebrating this milestone with you and your families. Thank you for entrusting us with your children this season.

Please send any comment/questions/feedback our way to help ensure we can make the program the the best we can!
